

**I see words where others  
just hear sounds.**

*Elizabeth Jean Thomas  
Founder of Phonologix. Kotak customer.*

I believe no child should be  
robbed of the joy of speech. I want to use  
technology to help put words in their mouths.  
Not as a researcher, but as an entrepreneur.  
Luckily I have Kotak behind me. Backing my conviction.  
And anticipating my every financial need.  
Allowing me to not just see twinkling  
stars, but to listen to them.

***Hausla hai toh  
ho jayega.***
